

**NEW**

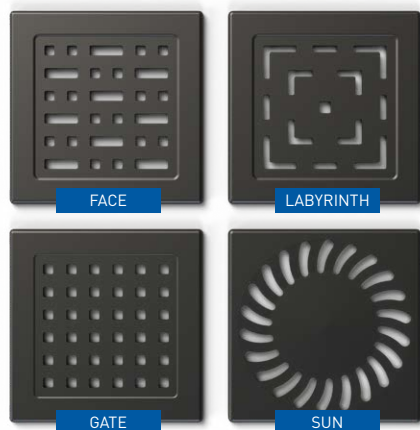

**BLACK  
FLOOR  
DRAINS**

We bring you an exclusive range of floor drains with black stainless steel grids Face, Gate, Labyrinth and Sun, which will add a luxurious look to your interior.

The products are very well made, easy to assemble and affordable. Possibility connection with side, bottom or continuous drain D40, D50, D50/75 and D110.

Drains are intended mainly for indoor use. They contain a dry flap or water level. The Neptune version contains a float that also closes the drain and thus prevents backflow odour penetration from sewer pipes.
